

**REMARKS**

As pointed out above, this paper includes a corrected List of Claims which shows that claim 22 was cancelled, corrects an obvious error in claim 8, and correctly states claims 1 and 3 (removing three previously deleted but erroneously retained terms).

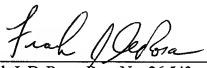

The requested amendment to claim 8 corrects an obvious error in claim dependency and conformity. Claim 8 adds a handset for each computer terminal. A handset is already claimed in claim 1, but not in claim 3.

The three previously deleted terms that were erroneously retained in the Listing of Claims in the Amendment Under 37 C.F.R. §1.312 filed January 23, 2008, are as follows: claim 1, "application" in the next-to-the-last-line; claim 3, "application" in the next-to-the-last line and "over the network" in the last line. Claims 1 and 3 are now correctly stated in the foregoing Listing of Claims.

Consideration and entry of the above amendments are respectfully requested.

Respectfully Submitted,

Dated: January 24, 2008
